

# Steps to Connect with Connie

## Let us know you're interested

Submit your Commitment to Connect form to Connie [here](#)

*Submitting this form kicks off the connection process and assigns an account manager to your organization.*

## Let's make it official

**Execute the legal documents.**

*Review and sign the necessary legal documents including the trusted data sharing agreement and applicable use case exhibits.*

## Let's discuss data

**Determine what data you will contribute and/or access based on your eligibility, data interests, and viewing preferences.**

*Work with your account manager and Connie's technical team to complete technical onboarding activities and training.  
(Approximately 2 months)*

## You're connected!

**Share the news internally and externally.**

*Use the training guides and communications toolkit as resources to get your organization started and let stakeholders know your organization participates in the state-wide health information exchange.  
(Approximately 2 months)*

## Keep in touch!

**Let us know how you are doing and how else we can help you.**

*We are here to help and we have lots of new services planned! We will keep you informed and would love to hear from you about your data needs at any time.*
